**EXAMINER'S AMENDMENT** 

Page 2

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel Claim 13.

Election/Restrictions

This application is in condition for allowance except for the presence of claim 13 to an invention non-elected without traverse. Accordingly, claim 13 has been cancelled.

Allowable Subject Matter

Claims 1-12 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach a method for forming leads, comprising: forming a liftoff mask having a desired width; forming leads contiguous to and on opposite sides of the liftoff mask; removing the liftoff mask, the removal of the liftoff mask leaving fencing on the leads; forming a layer of carbon over the leads after removal of the mask; and performing chemical mechanical polishing on the leads at the fencing to preferentially remove a portion of the leads including the fencing and a portion of the carbon layer. Lille (cited previously) teaches forming the carbon layer before the liftoff mask is removed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
